SECURITY AND AUTHENTICITY IN YOUR PRODUCTS

## DIGITAL CATALOG

# WHO WE ARE

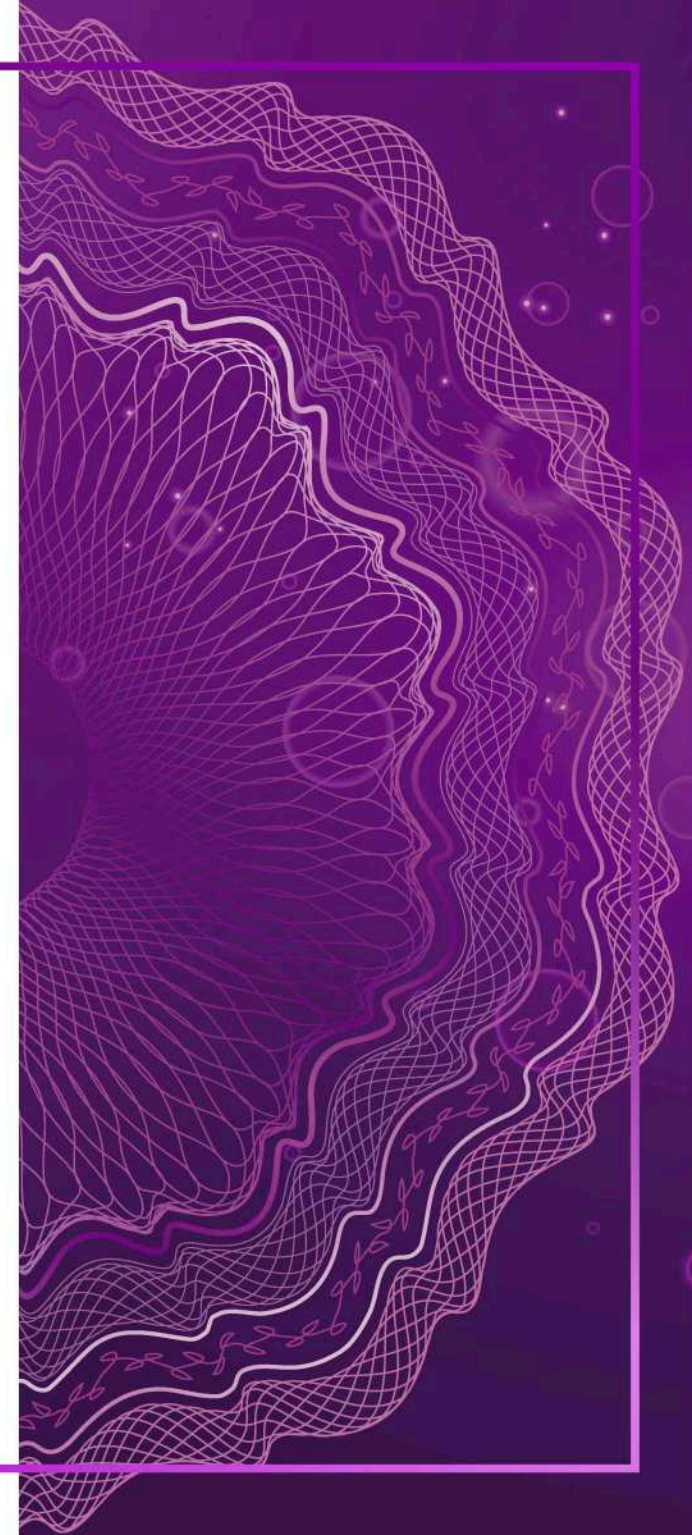

## ABOUT US

Our **security hologram products** can be used by manufacturers, retailers, pharmaceutical companies, corporations and Government entities.

They are created using business processes that are **ISO 90001:2015** certified and we continuously monitor, benchmark and refine them to ensure **our costumers receive only our best** to prevent counterfeits and protect brand identity.

## CREATING SOLUTIONS

Our **holographic security solutions are developed to resolve issues** of security, authenticity, counterfeiting, identity, and branding affecting our clients in many industries. If discovering an effective, appropriate solution **has not been easy, let us help!**

# SECURITY HOLOGRAMS

Holograms on a product represent a symbol of **authenticity, protection and high quality.**

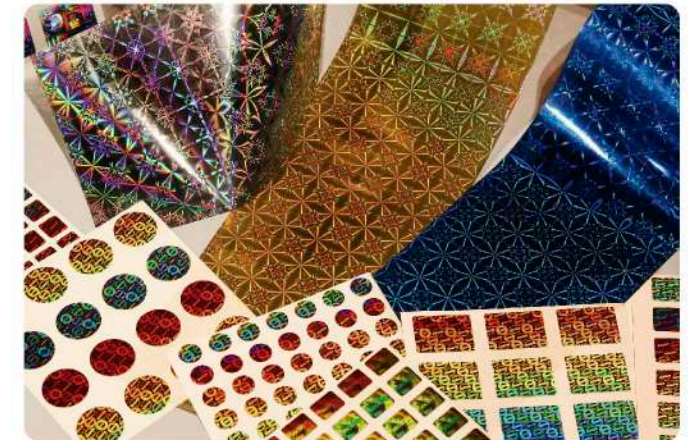

Our labels have a great variety of applications and they can be used on flexible and rigid surfaces, documents and promotional items.

## GENERIC HOLOGRAMS

We offer stock holograms that can be sold without further customization, great for those clients needing urgent labels.

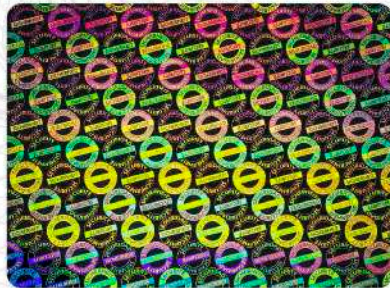

**These holograms are available for immediate shipment.** If clients are in a rush to get fast delivery on hologram labels **this option works great to get product as fast as possible.**

# SHRINK SLEEVE, FULL SLEEVE & SECURITY SEAL SLEEVES

Shrink sleeves provide a **tamper evident seal for bottles, jugs or other container spouts**. When heat is applied, the sleeves will shrink and conform to the bottle neck and cap, thereby making it **impossible to open the bottle without destroying the sleeve**.

## MICRO-CUTS FOR EASY OPENING

# NANOGRAPHIX LICENSEE PORTAL

We combine our License software with security holograms and track and trace technology.

With our technology **we guarantee 100% that no one will be able to duplicate or copy our security holographic sticker/label.** Your products will be protected against counterfeiting and your brand will be secure. Our licensing portal can be used for Universities, distributors, companies with international factories and many more.

Our licensing technology includes:

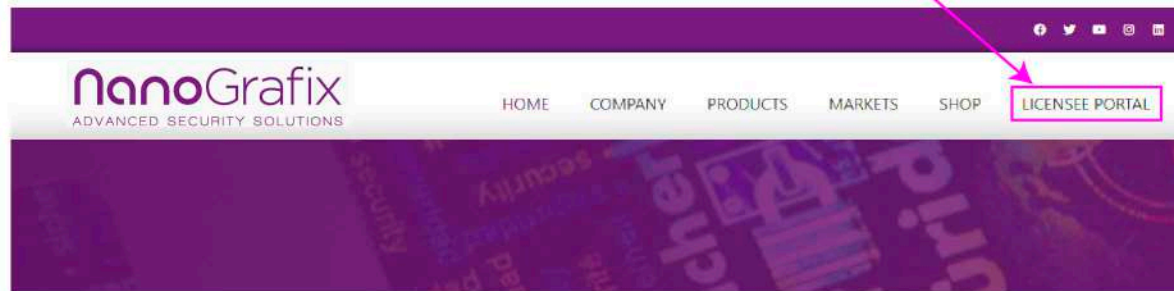

- Online Product Reports.
- Location of fake products with track and trace technology.
- Lists & Graph reports.
- Easy access for licensees to buy holograms.
- Secure network and control over holograms.

# NANOGRAPHIX LICENSEE PORTAL

A guide on placing an Order in the Licensee Portal

<http://nanografix.com>
